

Meeting timer — State diagram

Two buttons • Presets: 15 → 20 → 25 → 30 → 15 seconds (current code)

B1: MODE — applies in Ready only

Next preset → reload time → stay Ready (no popstick movement)

Buttons: B1 selects only in Ready. B2 resets during return; if the hand is already at start, reset goes straight to Ready.

Finished: hand returns, then stops; red keeps pulsing until B2 resets. Startup: hand assumed at start.
